

Union Gallery and SPAF! Present...

The *Next Door* Scavenger Hunt

We need your help! Our photographer Chris Miner took photos of tiny details for each of the installations in *Next Door* to help us remember and archive artworks for the future.

We printed off the photos to put them in storage...AND THEN, we sneezed while carrying them down three flights of stairs, causing them to scatter all over the place! What a mess!

Now we need your help figuring out which artwork belongs to each artist. Take this checklist with you, visit as many locations as you can, and match the artist and artwork to the photos! Send us a photo of your answers and we'll send you a printable "Emerging Art Historian" certificate. We wish you luck!

Bonus Image

Which installation also features this little turtle?
